Getting married in a fairy tale castle

Back to the now!

The historic castle with its pleasant garden and views is the perfect setting to your big day.

Dear bridal couple,

Thank you for your interest in celebrating your wedding at the Schadau Castle.

Located at Lake Thun, the Schadau Castle is a heritage building embedded in the Schadau Park, with imposing views of the Eiger, Mönch and Jungfrau.

The Schadau Castle was built as private summer residence of the family Rougemont from 1846 to 1854. Its architectural mix is unique, and the castle is a listed building.

The big dining room, nowadays referred to as Rougemont-Saal, is the perfect place for your celebration with up to 70 guests.

Enjoy your wedding ceremony on the generous castle's meadow with imposing lake and mountain views. Moreover, a shipping pier is located directly besides the castle.

For up to 120 guests, weddings can also be organized as flying dinners in an unconventional and contemporary way. In that case, it is not possible to organize an aperitif or ceremony before.

The garden terrace and the restaurant stay always open to the public, even when we have events or weddings in the castle.

We all know Dream Weddings do not just happen - they are carefully planned and well thought out: It will be a pleasure for us to assist you in planning your big day!

& the Schadau Castle's team

General information about maximum capacity

As we are not only a host for weddings and other occasions, but also a public hotel and restaurant, we have only limited space available (especially in rainy weather). However, when planning, we also have to take into account that it could rain on the wedding day.

For this reason we can hold weddings with the following **maximum capacities**:

- the wedding ceremony, aperitif, dinner / party, all parts of the wedding day take place with us, a maximum **of 70 guests** are possible at **all parts**.
- If the wedding ceremony takes place externally, so "only" aperitif and dinner / party with us: **max. 90 guests** possible on both parts
(from 70 guests the company sits at dinner over 2 rooms, with limited visual contact, and the rainy weather option for the aperitif is rather tight)
- you "only" have dinner with us: up to a maximum of 120 guests possible, spread over 4 rooms. With this option, there is no more space left for dance, parties, performances, photo boxes, etc.
